Explanatory Memorandum

This Explanatory Memorandum contains background material to assist shareholders in relation to the items of business to be considered at the 2026 Annual General Meeting and in deciding how to vote on the resolutions set out in this Notice.

Item 1. Financial and other Reports

The Corporations Act requires the Directors to lay before the 2026 Annual General Meeting the financial statements, the Directors' report and the auditor's report for the year ended 30 June 2026. These reports are contained in the Company's 2026 Annual Report, which has been released to the ASX and is available from the Company's website www.nrw.com.au.

While no resolution is required in relation to this item, shareholders will be provided with a reasonable opportunity to ask questions or make statements on the financial statements and reports.

The Company's auditor, Deloitte, will be present at the AGM and shareholders will have an opportunity to ask the auditors questions in relation to the conduct of the audit, the auditors report, the Company's accounting policies and the independence of the auditor.

Item 2. Remuneration Report (Resolution 1)

Section 250R(2) of the Corporations Act requires that a resolution that the 2026 Remuneration Report be adopted be put to vote at the 2026 Annual General Meeting. The 2026 Remuneration Report is set out on pages 52 - 79 of the 2026 Annual Financial Statements.

The vote on this resolution is advisory only, does not bind the Directors or the Company and does not affect the employment arrangements in place for employees of the Company and its subsidiaries. The Directors will consider the outcome of the vote and comments made by shareholders on the 2026 Remuneration Report when reviewing the Company's future remuneration policies.

The Company's remuneration report:

- defines the Company's remuneration strategy, governance framework and guiding principles;
- sets out the components of the remuneration framework, including value, performance conditions and key terms and conditions;
- describes how business performance for the financial year has driven remuneration outcomes; and
- sets out the remuneration of non-executive directors, the executive director and key management personnel

At the 2025 Annual General Meeting, the Company received its eighth consecutive vote against the 2025 Remuneration Report. The Board acknowledges that this outcome reflected continued shareholder concerns regarding aspects of the Company's remuneration framework and recognises the importance of demonstrating meaningful and sustained responsiveness to shareholder feedback.

Following the 2025 AGM, the Nomination and Remuneration Committee (N&RC) and Company Executives continued engagement with shareholders and proxy advisors to understand the key drivers of the vote. The feedback received, together with independent remuneration advice, has informed the continued review and development of the executive remuneration framework.

Changes implemented for FY26 included:

- strengthening the Long-Term Incentive Plan (LTI) design through the introduction of a positive TSR gateway, the introduction of two TSR comparator groups, expansion of the relative TSR Comparator group from six to ten companies, an increased weighting to TSR within the LTI allocation, and assessment of EPS performance over the full three-year performance period;
- improving the timeliness and transparency of LTI vesting disclosures;
- strengthening the STI framework, including the safety component and application of a fatality gateway;
- removing positive Board discretion and adjustments to the LTI performance assessment; and
- undertaking independent benchmarking of Executive Key Management Personnel (**Executive KMP**) remuneration, with a particular focus on remuneration mix, market positioning and internal relativities.

The Board retains the right to moderate any award earned downwards in circumstances where it considers appropriate.

Further changes have been made for FY27 following continued shareholder and proxy adviser engagement and independent remuneration benchmarking, including:

- increasing the EPS CAGR performance hurdles under the LTI to 8% at threshold and 11% at maximum, the rationale for which is considered further below;
- introducing a 25% deferral of the Short-Term Incentive Plan (STI) award earned by Executive KMP for 12 months;
- strengthening the STI cash management measure, including increasing the minimum cash conversion hurdle to 85%; and
- incorporating psychosocial risk management into the STI framework.

The Board considers that the changes implemented across FY26 and FY27 demonstrate the continued evolution of the remuneration framework and demonstrate its commitment to responding to shareholder feedback, while ensuring the framework continues to support the attraction and retention of executives and the delivery of sustainable long term shareholder value.

The Board does not make any recommendations to shareholders in relation to Resolution 1 as it is intended to provide guidance to the Board.

Item 3. Re-election of Mr. David Joyce (Resolution 2)

Rule 5.1 of the Constitution requires that, at the Annual General Meeting, one-third of the Directors for the time being or, if their number is not 3 or a multiple of 3, the number nearest to but not exceeding 1/3 retire from office. Pursuant to rule 5.4 of the Constitution, a retiring Director is eligible for re-election without the necessity of giving any previous notice of his intention to submit himself for re-election.

Mr Joyce was appointed as a Non-Executive Director on 19 March 2024. Mr Joyce is a former mining executive with over 30 years experience delivering major projects across Australia and internationally. His career includes engineering roles with Kinhill Engineers and WMC Resources, followed by senior leadership positions at Rio Tinto, where he concluded his executive tenure in 2021. He has overseen the development of infrastructure, services, processing facilities, and initial mining operations both underground and open-pit, for greenfield and brownfield projects worldwide. Highly skilled in industry operations and health, safety and wellbeing, Mr Joyce holds deep technical and operational insight into complex project environments. In addition to this experience, Mr Joyce is skilled in sustainability and climate-related matters including but not limited to environmental impacts and emerging regulations. This experience has been attained practically through his career and includes more recent attendance at both formal and informal AICD webinars and forums on relevant matters. He holds a Bachelor of Engineering (First Class Honours) from the University of Adelaide and is a member of the Australian Institute of Company Directors.

Mr Joyce has not held any other directorships of listed companies in the three years immediately before the end of the financial year.

With the exception of Mr Joyce, the Board unanimously recommends that Shareholders vote in favour of Resolution 2 given Mr Joyce's global mining and major-project experience and his expertise in complex project delivery, operational leadership and sustainability. Mr. Joyce does not make any recommendation to Shareholders in relation to this resolution as he is subject to the re-election.

Item 4. Approval of Performance Rights Plan (Resolution 3)

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12-month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12-month period. ASX Listing Rule 7.2 (Exception 13(b)) sets out an exception to ASX Listing Rule 7.1 which provides that issues under an employee share scheme are exempt for a period of three years from the date on which shareholders approve the issue of securities under the scheme as an exception to ASX Listing Rule 7.1.

At the 2023 Annual General Meeting, shareholders approved the adoption of the NRW Holdings Limited Performance Rights Plan (the **Plan**), under which eligible participants could be granted performance rights to acquire shares in the Company, subject to satisfaction of any conditions imposed in relation to the grant. The Company is now seeking shareholder approval for the Plan in order to renew the approval obtained pursuant to ASX Listing Rule 7.2 (Exception 13(b)).

If Resolution 3 is passed, the Company will be able to issue securities under the Plan over a period of three years without impacting on the Company's ability to issue up to 15% of its total ordinary securities without shareholder approval in any 12-month period. In the case of a Director, no securities will be issued pursuant to the Plan without separate prior shareholder approval under ASX Listing Rule 10.14.

If Resolution 3 is not passed, the issue of performance rights under the Plan will contribute towards the Company's 15% maximum issue of total ordinary securities without shareholder approval. This means that additional shareholder approval may be required should the Company exceed 15% during any 12-month period.

A total of 9,659,655 performance rights have been allocated under the Plan since the last approval at the 2023 Annual General Meeting. The maximum number of performance rights to be issued over the following three years under Resolution 3 is 11,500,000, which is proposed to be issued to members of our Executive Leadership team and senior management within our businesses.

In accordance with Exception 13(b) of Listing Rule 7.2, the terms and conditions of the Plan are at Appendix 1.

With the exception of Mr J Pemberton, the Board unanimously recommends that shareholders vote in favour of Item 5. Mr J Pemberton does not make any recommendation in relation to this resolution, as he has an interest in the outcome of the resolution by virtue of him being entitled to participate in the Plan.

Item 5. Approval of grant of Performance Rights for FY27 to Mr Julian Pemberton under the NRW Holdings Limited Performance Rights Plan (Resolution 4)

The Company is proposing to issue 414,345 performance rights to Mr J Pemberton under the **Plan**. The Company has decided to grant the performance rights to Mr J Pemberton because they create share price alignment between Mr J Pemberton and shareholders but do not provide the full benefits of share ownership (such as dividends and voting rights) unless the performance rights vest.

ASX Listing Rule 10.14 requires that shareholder approval must be obtained for the acquisition of securities by, amongst others, a director of a company under an employee incentive scheme. ASX Listing Rule 10.14.1 applies to the issue of performance rights because Mr J Pemberton is the Managing Director and CEO of the Company. Resolution 4 thus seeks the required shareholder approval to issue the performance rights to Mr J Pemberton under and for the purposes of ASX Listing Rule 10.14.

If Resolution 4 is passed, the Company will issue 414,345 performance rights to Mr J Pemberton as soon as practicable after the date of the 2026 Annual General Meeting and in any event within 12 months of the date of the meeting. Upon vesting, subject to the relevant performance targets described below, each performance right will entitle Mr J Pemberton to one fully paid ordinary share in the Company.

If Resolution 4 is not passed, the proposed grant of the performance rights will not proceed and the Board will need to, acting reasonably and consistent with the Company's remuneration policies, determine the amount and form of the compensation payable to Mr J Pemberton for the loss of the benefit of the performance rights, which may include providing an equivalent long term cash incentive subject to the same risk of forfeiture, performance targets and performance periods as described below in respect of the grant of the performance rights.

Details of remuneration structure of CEO

The structure of the CEO's remuneration is a combination of a fixed annual salary and a variable at risk annual award comprising a short term incentive and a long term incentive, details of which are set out in the 2026 Remuneration Report on pages 52 – 79 of the 2026 Annual Financial Statements.

The remuneration structure has been designed to prioritise strong performance outcomes by ensuring a significant portion of CEO remuneration is "at-risk" and directly aligned with shareholder results, while also supporting the retention of the CEO. The Board remains comfortable with the maximum total fixed versus "at-risk" split of the CEO's remuneration, with majority of "at-risk" reward comfortably weighted towards long-term equity awards.

There have been no changes to Mr J Pemberton's remuneration structure for FY27. His Total Fixed Remuneration (**TFR**) remains $1,750,000, with a maximum STI opportunity of 80% of TFR and a maximum LTI opportunity of 170% of TFR.

Resolution 4 seeks shareholder approval for the issue of performance rights to Mr J Pemberton which, if granted, will form part of his remuneration.

Key terms of the performance rights issue

It is proposed that, if Resolution 4 is approved, Mr J Pemberton will be granted 414,345 performance rights for the FY27 financial year (**FY27 Award**). Key terms associated with the grant are as follows:

- Three-year performance period (1 July 2026 to 30 June 2029).
- Vesting date of 30 September 2029.
- Vesting of performance rights will be subject to meeting certain performance targets set out below.
- Each Performance Right will, on vesting, entitle the holder to one fully paid ordinary share in the Company.
- As the performance rights are part of Mr J Pemberton's remuneration, there is no price payable on the issue of performance rights or on allocation of shares if Performance Rights vest.

The number of performance rights proposed to be granted pursuant to Resolution 4 was determined using a 30-day volume-weighted average price (**VWAP**) of shares in the Company to 30 June 2026 (which was $7.18 per share). Accordingly, without applying any discount for the probability of vesting hurdles being satisfied (and if so, to what extent), this implies a value of $2,975,000 for those performance rights.

Performance targets and vesting

The performance rights proposed to be granted pursuant to Resolution 4 are designed to align the CEO's remuneration with the delivery of sustainable earnings growth and long term shareholder value.

The FY27 performance rights will be assessed over a three-year performance period against Relative Total Shareholder Return **(Relative TSR)** and underlying Earnings Per Share **(EPS)** performance hurdles as follows:

Performance hurdle	Weighting	Target 1	Target 2
Relative TSR – Comparator Peer Group	33.34%	50th percentile	At or above 75th percentile
Relative TSR – Sector Anchor Index	33.34%	50th percentile	At or above 75th percentile
Underlying EPS	33.32%	8% CAGR / 50.1 cps	11% CAGR / 54.4 cps
Total	100%		

If performance is above the Target 1 but below the Target 2, the performance rights will vest pro rata to actual achievement. Measurement of performance against the targets will be based on achieving the targets within the performance period. The quantum of performance rights that will vest as each performance hurdle is met is shown in the table below.

Performance Hurdle	Vesting Level	% of Performance Rights	No. Performance Rights
Relative TSR – Comparator Peer Group	Target 1	16.67%	69,071
	Target 2	16.67%	69,071
Relative TSR – Sector Anchor Index	Target 1	16.67%	69,071
	Target 2	16.67%	69,071
Underlying EPS	Target 1	16.66%	69,030
	Target 2	16.66%	69,031
Total		100%	414,345

Relative TSR

Relative TSR represents 66.68% of the FY27 LTI and is assessed equally against a Comparator Peer Group and an objective Sector Anchor Index. If an entity in the group ceases to be listed during the Performance Period (for example, through a takeover), its TSR will be excluded from the Comparator Peer Group TSR calculation.

Measure	Weighting	Assessment
Comparator Peer Group	33.34%	NRW's TSR relative to ten selected like-for-like peers: Macmahon, Monadelphous, Emeco, SRG Global, Southern Cross Electrical, Perenti, Civmec, Downer, GR Engineering and Symal.
Sector Anchor Index	33.34%	NRW's TSR assessed against constituents of the S&P/ASX 200 Industrials Index.

No performance rights subject to a Relative TSR hurdle will vest unless NRW's absolute TSR over the performance period is positive. For each Relative TSR component, 50% of the relevant component will vest at the 50th percentile, with pro rata vesting to 100% at the 75th percentile.

Last year, based on a detailed and independent benchmarking report received from the N&RC, the Comparator Peer Group was expanded from six to ten companies and the sector anchor introduced to provide a broader and more robust assessment of NRW's relative shareholder performance. Following positive feedback and approval of the FY26 performance rights plan at the 2026 Extraordinary General Meeting, this structure has been retained in FY27.

EPS Performance Hurdle

Underlying EPS represents 33.32% of the FY27 LTI and will be assessed at the end of the three-year performance period. Following review, the Board increased EPS CAGR hurdles from 5% and 10% to 8% and 11%, respectively.

	Target 1	Target 2
3-year EPS CAGR	8.0%	11.0%
EPS target	50.1 cps	54.4 cps

If performance is above Target 1 but below Target 2, the Performance Rights subject to the EPS hurdle will vest on a pro-rata basis. In setting Target 1 at 8% and Target 2 at 11%, the Board considered the following:

Consideration	Board assessment
FY27 expected growth	FY27 guidance at its midpoint implies EPS growth of approximately 12.6%.
Impact of Fredon	FY27 growth includes the benefit of the Fredon acquisition. Underlying like-for-like growth is estimated at approximately 8.7%.
8% - Target 1	Considered to provide an appropriate balance between shareholder expectations and a challenging hurdle for participants.
11% - Target 2	Requires sustained double-digit growth beyond FY27 and was considered to provide a meaningful stretch over the performance period.
Higher stretch Target 2	The Board considered 12.5% CAGR but determined this would require sustained growth of approximately 12.4% in both FY28 and FY29 and would likely necessitate additional acquisitions to be achieved..
Acquisition discipline	The Board does not consider the LTI should incentivise acquisitions merely to achieve the EPS hurdle. Acquisitions should continue to be pursued only where strategically aligned and value accretive.

The effect of different CAGR hurdles on the growth required in the remaining years of the performance period was also considered:

Potential EPS CAGR hurdle	FY27 growth	FY28 growth required	FY29 growth required
7.5%	12.6%	5.0%	5.0%
8.0%	12.6%	5.8%	5.8%
10.0%	12.6%	8.8%	8.8%
11.0%	12.6%	10.2%	10.2%
12.5%	12.6%	12.4%	12.4%

The Board also considered peer LTI arrangements. Peer EPS growth hurdles of companies with comparable size and earnings base ranged between 5% and 10%. The Board therefore determined that setting the Company's Target 1 at 8% and Target 2 at 11% exceeded those peer EPS growth hurdles. The Board noted that some peer companies with higher EPS growth hurdles are materially smaller than NRW and therefore may be capable of generating higher percentage growth from a lower earnings base.

Other LTI Plan Features

The FY27 LTI also includes the following features:

- EPS will be tested at the end of the three-year performance period;
- EPS will be based on the weighted average number of shares on issue;
- no positive Board discretion will apply to the award;
- a positive absolute TSR gateway applies before any Relative TSR vesting can occur; and
- vesting outcomes will be disclosed at the end of the performance period.

Other key provisions of the Plan for Plan participants

The Plan forms part of the remuneration framework of the Company and is in place to attract and retain key personnel. Eligibility for participation in the Plan will be subject to approval by the CEO & Managing Director, Nomination & Remuneration Committee and Board.

If a Plan participant's (including Executive KMP) employment with the Company ceases for reasons other than death or permanent disability, any unvested performance rights will lapse and expire unless the Board of the Company considers it appropriate in the circumstances to consider the vesting of any unvested performance rights. Where a Plan participant has died or becomes permanently disabled the Board may determine that the performance rights will not lapse and will be tested against the vesting hurdles on the applicable vesting dates.

Upon a change of control occurring in respect of the Company, the following rules will apply to determine how performance rights should vest or lapse.

- Performance rights that have met the vesting hurdle will vest on a date to be determined before the change of control date.
- Performance rights which have met the vesting hurdle as a consequence of the change of control (for example a share price increment) will vest on a date to be determined before the change of control date.
- In respect of performance rights which have not yet met the vesting hurdle, the N&RC may (in its absolute discretion) determine that all or a portion of these performance rights will vest, notwithstanding that time restrictions or performance conditions applicable to the performance rights have not been satisfied. Vesting in this regard would be subject to shareholder approval.

A Plan participant can be considered to be a "good leaver" subject to agreement with the N&RC. Good leaver conditions are generally very specific to the individual and the individual's personal circumstances but will normally require appropriate notice periods to allow the orderly transfer of responsibilities from the incumbent to his or her replacement. Any performance rights awarded to a good leaver will be pro rated based on the number of months of completed employment in the performance period divided by the relevant performance period. Awards will then be tested at the relevant vesting date (or the date relevant to the performance hurdle) and the pro rated number of performance rights will vest on the vesting date.

Mr J Pemberton is the only Director entitled to participate in the Plan.

Shares acquired on vesting of performance rights may be delivered to participants through the issue of shares or on-market acquisitions, at the discretion of the Board. The performance rights will not carry any voting rights and do not give the holder a right to participate in any entitlement issues (such as pro rata rights issues or a share purchase plan). The performance rights will not be eligible for any dividends. Any new shares issued on the vesting of performance rights will be quoted on the ASX. Performance rights will not be quoted on the ASX. Variations to the terms of the performance rights following their issue is subject to the Plan and the ASX Listing Rules. No security interests (such as charges or mortgages) can be held against performance rights.

Information for the purposes of ASX Listing Rule 10.15 regarding Resolution 4

The following information is disclosed in relation to Resolution 4 for the purpose of ASX Listing Rule 10.15:

- The performance rights will be granted to Mr J Pemberton (or his nominee).
- Mr J Pemberton is covered by Listing Rule 10.14.1 because he is the Company's CEO and Managing Director.

- The maximum number of performance rights that will be granted to Mr J Pemberton (or his nominee) if shareholders approve Resolution 5 is 414,345.
- Each performance right entitles the holder, on vesting, to receive one fully paid ordinary share in the Company (subject to any permitted adjustment under the rules of the Plan).
- A summary of the material terms of the performance rights and the value that the Company attributes to the performance rights are set out on pages 12 - 14 above.
- Details of Mr J Pemberton's current total remuneration package are included above. Further details of Mr J Pemberton's remuneration are set out in the 2026 Remuneration Report on pages 52 - 79 of the 2026 Annual Financial Statements.
- Mr J Pemberton has been granted a total of 2,312,909 performance rights under the Plan at nil cost as each time they were granted to Mr J Pemberton as part of his remuneration. If Resolution 4 is approved, that number will be increased by 414,345 performance rights. To date 2,233,906 performance rights have vested to Mr J Pemberton under the Plan.
- The performance rights will be issued as soon as practicable after the date of the 2026 Annual General Meeting and in any event within 12 months of the date of the meeting.
- The performance rights are being granted to Mr J Pemberton as part of his remuneration and therefore no amount is payable by Mr J Pemberton for the grant of the performance rights. No amount is payable for any Shares allocated on the vesting of any performance rights.
- A copy of the terms and conditions of the Plan can be found on the NRW website (www.nrw.com.au).
- There is no loan proposed in relation to the grant of performance rights to Mr J Pemberton.
- Details of any securities issued under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the Plan after Resolution 3 is approved and who are not named in the Notice will not participate until approval is obtained under ASX Listing Rule 10.14.
- A voting exclusion for Resolution 4 is set out in this Notice.

With the exception of Mr J Pemberton, the Board unanimously recommends that Shareholders vote in favour of Resolution 4. Mr J Pemberton does not make any recommendation to Shareholders in relation to Resolution 4 as he has an interest in the outcome of the resolution.

Item 6. Non-executive Directors' fees (Resolution 5)

Under rule 42 of the Constitution and Listing Rule 10.17, shareholder approval is being sought to increase the maximum aggregate fees payable to non-executive Directors from $1,500,000 per annum to $2,500,000 per annum, to be allocated between them in such a manner as the Board determines.

The maximum aggregate fees available to be paid to non-executive Directors was last increased in 2021, and the Company confirms this limit has not been exceeded. Details of Non-executive Director fees are outlined in the 2026 Remuneration Report contained on page 78 of the 2026 Annual Financial Statements. The reasons for requesting that shareholders approve the increase to the maximum aggregate fees payable to the Company's non-executive Directors are as follows:

- Having regard to the Fredon acquisition and acknowledging the new skills and experience this segment requires, the Board considers that the proposed increase is necessary to provide the Board with the capacity to offer suitable remuneration to any proposed new non-executive Directors in the future, if they determine that this is in the best interests of, and commensurate with the size the Company.
- Given the continued evolution and growth of the Group, most recently through the establishment of the Electrical, Mechanical (HVAC), Infrastructure, Technology and maintenance services (EMIT) segment, the Board believes it is appropriate to have capacity to consider future fee increases commensurate with the increased complexity of the group and in line with peer group fee structures.
- The Board considers that the proposed increase will assist with succession planning for key Board roles to support orderly renewal, continuity and appropriate transition and handover arrangements.
- The Company does not intend to allocate the full amount of the maximum aggregate remuneration immediately and such amount is simply the maximum that the Company will be allowed to pay its non-executive Directors in aggregate without further shareholder approval.

The proposal is consistent with the objectives of the Company's Charter of the Nomination and Remuneration Committee of having remuneration policies designed to attract directors with the expertise to enhance performance and growth of the Company and ensuring that the level and composition of remuneration packages is fair, reasonable and adequate. If Resolution 5 is passed, the effect will be that the Company will have the flexibility to pay its non-executive directors fees of up to an aggregate amount of $2,500,000 per annum. If Resolution 5 is not passed the maximum aggregate fees payable to non-executive Directors will remain at $1,500,000, and the Board will lose the flexibility it is seeking to provide sufficient scope for possible Board expansion, succession planning and ongoing flexibility potentially impacting the Company's ability to retain existing and/or attract new directors.

The Company confirms that no securities have been issued to non-executive Directors in the preceding three years under Listing Rules 10.11 or 10.14.

The Board does not make any recommendations to Shareholders in relation to Resolution 5 as a majority of the Board (being non-executive Directors) have an interest in the outcome of the resolution.
